NeuroParts™

PRICE LIST · NOVEMBER 2026

A module for each department. An agent in every one.

Start with Sales and add Production, Marketing or Quality when your shop needs them, or take a package and save. Each module comes with its own AI agent that learns from your results every week. Pay monthly, or pay yearly and get two months free. No setup fee.

- AI on or off, same price
- Updates and support included
- No setup or licence fee
- No per-order commission

MODULES

Build your own

Sales — EVERYONE STARTS HERE

£260 /mo
€300 · $350 · 2 users

Sales Agent learns from your won and lost quotes, checks prices and suggests the week's follow-ups.

- Instant quotes from STEP, STL and 3MF for 3D printing (polymer and metal), CNC machining and sheet metal. Casting and moulding in early access
- Customer portal with card payment
- AI website assistant that prices and designs parts
- Quotes from 2D drawings, inbox, CRM, supplier quotes

Production — ADD-ON

+£390 /mo
€450 · $520 · 2 workshop users

Production Agent learns what each order really cost and where the time and material went.

- Builds, 3D nesting, machines, stock and material lots
- SLA build prep with CLI export, MJF heat map
- Real cost and margin, QC pass/fail and CoC
- Invoices, QuickBooks or Xero, DHL labels

Marketing — ADD-ON

+£190 /mo
€220 · $250

Marketing Agent learns which campaigns, posts and pages bring orders and plans the next ones.

- Lead finding with AI-written first messages
- Email campaigns and social media posts
- Landing pages for each process and material, written around what buyers search on Google
- Weekly SEO check of your website and portal
- WhatsApp, LinkedIn and phone calls in the inbox

Quality — ADD-ON

+£290 /mo
€330 · $390

Quality Agent learns from your nonconformities and suggests what to check before parts ship.

- Nonconformities and corrective actions
- Calibration and maintenance management
- Traceability from part to material lot and machine
- FAI drawings and 3D scan-based inspection
- Contracts and NDAs

Shop package

£780
€900 · $1,050

Sales + Production + Marketing, 5 users + 5 workshop users, 2,000 AI actions a month. **£255 a month less than the modules with the same users.**

Factory package

from **£1,750**
€2,000 · $2,350

All four modules + Production autopilot + Tooling Design, 10 users + unlimited workshop users, unlimited AI, onboarding, priority support, early access to new features. **The modules and the Production autopilot, with 10 users and 10 workshop users, would cost £2,000 without the other extras.**

Try every module free. 14-day free trial · hello@neuroparts.ai

EXTRAS

Add one thing when you need it

EXTRA	WHAT IT ADDS	WITH	PER MONTH
Production autopilot	The production planner: puts every incoming part into an open build, nests it and marks the build ready when it is full, dense enough or due. Your team checks and sends it, saving hours of build preparation every day.	Production	**£350** €400 · $470
Tooling Design EARLY ACCESS	For mould makers, foundries and tool shops: moulds, dies, electrodes, patterns, cores and fixtures designed from the part, downloaded as STEP, STL or DXF for CAD and CAM. Pricing them is already in Sales.	Sales	**£350** €400 · $470
Extra user	One more office login with full access to quotes, customers and settings.	Any	**£45** €50 · $58
Workshop user	A login for staff who only use Orders, Production and Quality: build checks, labels, QC and shipping. Quotes, customers and settings stay closed to them.	Production	**£20** €23 · $27
More AI actions	Only if you choose to buy it: AI is never charged automatically. Sales includes 1,000 a month, the Shop package 2,000. If they run out, AI features pause until the 1st, your website chat keeps answering and everything else works.	Any	**£45** once · €50 · $58

YEARLY

Pay yearly, get two months free

SALES, YEARLY
~~£3,120~~ **£2,600** / year · £217 a month

SHOP PACKAGE, YEARLY
~~£9,360~~ **£7,800** / year · £650 a month

FACTORY PACKAGE, YEARLY
from ~~£21,000~~ **£17,500** / year

EDITIONS

Built for one way of working

MJF edition

£790 / month

€910 · $1,060 · 5 users

For HP Jet Fusion users. Sales, Production and the Production autopilot, set up for MJF only, with the heat map and even heat balancing. Also through our reseller partners.

In-house edition

£590 / month

€680 · $790 · 5 users

For companies printing for their own needs. Production and the autopilot, with requests from departments instead of customer quotes. Departments send requests at no charge.

Controlled work

Included

at no extra cost

Controlled data mode for sensitive customers: AI and outside services off, 3D files stay on your own computers and are never uploaded.

EXAMPLES

What it could cost you

Small SLA bureau
Sales + Production, 2 users + 2 workshop users. Quotes, portal, AI assistant, nesting, SLA supports with CLI export, invoicing.
£650 / month

Multi-technology bureau
Shop package. Production, invoicing and marketing for 5 office users.
£780 / month

Mould and tool shop EARLY ACCESS
Sales + Tooling Design, 2 users. Tool prices on every quote, the tools designed for CAD and CAM.
£610 / month

Prices are per company and exclude VAT. Yearly billing costs 10 months for modules, packages and extras alike. They are the same whether the AI is on or off. With AI off, the agents pause and everything else keeps working.

Add a module or move up to a package at any time. Removing one takes effect at the end of your billing period; on yearly billing, at renewal. Nothing to install: it runs in the browser, always the latest version.

Your data: kept in Frankfurt (EU), for your company only. Two-step sign-in for every user.

Free trial: 14 days with every module, on your own parts. No card needed to start.

Resellers and partners: ask us about the partner programme.
